

Project Design Phase-II
Solution Requirements (Functional & Non-functional)

Date	03 July 2026
Team ID	
Project Name	Cosmetic Insights: Navigating Cosmetics Trends and Consumer Insights with Tableau
Maximum Marks	4 Marks

Functional Requirements:

Following are the functional requirements of the proposed solution.

FR No.	Functional Requirement (Epic)	Sub Requirement (Story / Sub-Task)
FR-1	Data Collection & Import	Import cosmetics dataset from Excel Validate and preprocess data
FR-2	Data Analysis	Analyze categories, brands, prices, and skin types Generate insights using Tableau
FR-3	Dashboard Development	Create interactive dashboards and KPIs Create visualizations and reports
FR-4	Story Visualization	Create Tableau Story Present trends and customer insights
FR-5	Project Publishing	Publish dashboards and story using Tableau Public Enable users to access and interact with visualizations

Non-functional Requirements:

Following are the non-functional requirements of the proposed solution.

FR No.	Non-Functional Requirement	Description
NFR-1	Usability	The dashboard should be easy to use and understand.
NFR-2	Security	The system should provide accurate analysis and insights.
NFR-3	Reliability	Dashboards and visualizations should load quickly.
NFR-4	Performance	Published dashboards should be accessible anytime through Tableau Public.
NFR-5	Availability	Project data and files should be stored securely.
NFR-6	Scalability	The system should support additional cosmetic datasets in the future.
NFR-7	Compatibility	The published dashboard should work on different devices and web browsers.
