Proposed Solution Template:

Project team shall fill the following information in the proposed solution template.

S.No.	Parameter	Description
1.	Problem Statement (Problem to be solved)	Customers and businesses face difficulty in analyzing cosmetic products, brands, pricing, and skin-type suitability due to the large volume of available products and lack of centralized insights.
2.	Idea / Solution description	Develop an interactive Tableau-based Cosmetic Insights dashboard to analyze cosmetic products, brands, prices, skin types, and customer trends using visualizations and dashboards.
3.	Novelty / Uniqueness	The project combines cosmetic product analysis, brand comparison, skin-type analysis, pricing insights, and interactive dashboards in a single platform using Tableau.
4.	Social Impact / Customer Satisfaction	The project helps customers make informed cosmetic purchasing decisions and enables businesses to understand market trends and customer preferences effectively.
5.	Business Model (Revenue Model)	The solution can be integrated with cosmetic companies, beauty platforms, and e-commerce websites for market analysis, subscription services, and business insights.
6.	Scalability of the Solution	The system can be expanded by adding new cosmetic datasets, customer reviews, advanced analytics, and additional visualization features in the future.
